

Goldimine Electrosystems Pvt. Ltd.

*Simplifying technology for handhelds since
2006.*

About us

- Established in the year 2006, we are one of the most renowned manufacturers and suppliers of various types of Data Collection Machines.
- Our lightweight machines with a compact, ergonomic design come equipped with our efficient software and a high storage capacity which makes it ideal for buses, banks, toll bridges, petrol pumps et cetera. We also offer customizations to fulfill the industry and the customer's requirements.
- Our organization has an experienced and a knowledgeable manufacturing unit, which helps us in delivering these sophisticated devices. We keep on upgrading and updating our manufacturing unit to maintain pace in this competitive market scenario.
- Within a short stretch of time, we have gained maximum market credibility, owing to the superior quality products. We are currently associated with many prominent customers who are also our most regular consumers.
- We are supported by our mentor Mr. Milind Manohar Sawant who holds vast experience in this industry. He has supported us to undertake large business projects and acquire outstanding results over the years.

Mission Statement

- Our company's mission is to provide a top-end data-collection handheld machines to the industry to facilitate a convenient mode of transaction between the parties in this continually globalizing economy. As the world becomes more and more technology-savvy as the calendar pages turn, we aim to provide up-to-date software enabled machines to keep up with it.

The Goldimine Philosophy

One of our primary goals is to ensure customer satisfaction and build a long-term relationship with them. about the quality of our products but also ensure that these are delivered to the clients within the committed time-frame. Any size of order can be successfully handled by us due to excellent production capacity.

Our range of Data Collection Machines is manufactured using tested raw material and components, which are procured from reputed vendors.

At every stage of production, our quality controllers check the quality of these portable machines. Only the products which are approved by the quality controllers are dispatched to the clients

We provide our Data Collection Machines to the customers at cost-effective rates with high quality and customized to the client's needs , making our machines one of the best value-for-money machines.

Product #1

Handheld POS terminals

Sai Balaji

HANDHELD

Simplifying Technology for Hand-held

FEATURES

- Compact & rugged
- Ergonomic Design
- Integrated thermal graphic Printer
- Graphics supported display
- Built in Smart Card reader
- User friendly SDK & other utilities
- Self Diagnostic features

APPLICATION

- Banking / Micro finance
- Financial Institutions
- Loyalty & Gift Cards
- Medical & Healthcare
- Retail & FMCG
- Transportation & Tourism
- Telecom
- Gaming / Lottery
- Restaurants
- Electronics Voucher Distribution

CPU

Advance micro controller based system with latest hardware technology.
Micro controller with 8 bit /16bit/32bit Arm technology
Min. of 64 K flash memory to 512 K flash memory
Min. clock speed 12 MHZ to 70 MHZ
Machine programming through serial port / USB port.

Flash Data Memory

Built in 8 MB flash memory expandable upto 16 MB
Data preservation of more than 10 years
Data preservation of more than 10000 tickets
Built in real time clock with battery back up

Display

Graphics LCD display with min. 128 x 64 pixels Backlit
Capability to display led 3inch graphic images
28 characters X 4 lines or 8 lines

Keypad

Alphanumeric silicon rubber key pad with Carbon contacts
Keys in different colours differentiating numerals functions etc.
30Key keypad with P.U. coating for long life

Printer

Thermal printer 2" Inch
Paper roll size to print at least 200 Tickets.
Fast speed 384 Dots per line with 50mm / sec. speeds.
2" width thermal Paper roll.
Cutter for easy tearing of Tickets.
Printer life 50km
Paper over, Paper cover open sensor easy paper roll loading mechanism.

Simplifying Technology
for hand-held

Sai Balaji

Handhelds

Battery

Lithium iron battery pack with longer life capacity -2.2 Ah
Capacity to print at least 2000 tickets with single charge.
Min. 300 charges cycle battery life.
Battery charge level indicator on display
15 Hrs. operation with single full charge.

Power & Battery Control

Soft touch power on-off control for easy operation
Automatic power shutdown for extended Operation
Low Battery indication with audio beeps.

Communication

Rs 232 port for PC connectivity at 115 K baud rate.
USB port

Charger

AC intelligent charger working bet 180-280 volts
Light weight charger
LED indication for charging & full charge.

Weight

650gms. with battery pack.

Other Options

Customized keypad
Customized software
GSM / GPRS
RFID / Smart Card
Barcode Scanner

Dimensions

230 mm (L) X 80mm (W) X 50 mm (D)

Environmental

Operating temperature 0° C to 50° C
Storage temperature -20° C to 75° C
Humidity 5 to 95% non condensing
